A contract between German painter Neo Rauch, Eigen & Art gallery and the central German town of Aschersleben to make an artist foundation should be signed this coming November. The arrangement is for Rauch to make a contribution of all his graphical works produced from 1992 other than his future works to the foundation, that should open its doors to the public in June 2012.

The municipality of Aschersleben has too contributed by giving the 400 sq. m exhibition space, that will be located in an ex carton manufacturing industrial unit, and has consented to deal with the fees for the staff.
